Beyond Meat® Reports Delay of Annual Report on Form 10-K for the Full Year Ended December 31, 2025

March 16, 2026

Company To Report Fourth Quarter and Full Year 2025 Financial Results on March 25, 2026

EL SEGUNDO, Calif., March 16, 2026 (GLOBE NEWSWIRE) -- Beyond Meat, Inc. (NASDAQ: BYND) (“Beyond Meat” or “the Company”), a leader in plant-based meat, announced today that it will delay the filing of its Annual Report on Form 10-K for the full year ended December 31, 2025. The filing is delayed because the Company requires additional time to complete a review and analysis related to its inventory balances, including amounts recorded for the provision of excess and obsolete inventory.

The Company continues to work diligently to complete its fourth quarter and full year financial close procedures and has not yet made a determination regarding the potential impact on its financial statements. The Company currently expects to finalize its review of this matter and file its Annual Report on Form 10-K no later than March 31, 2026; however, the timing of the filing may be subject to further delay, and the Company cannot provide assurance regarding the definitive filing date while this work remains in progress.

As a result of these issues, management expects to report that a material weakness in the Company’s internal control over financial reporting existed as of December 31, 2025, related to controls associated with the accounting for its inventory provision. Management is reviewing its internal control procedures and is in the process of developing a remediation plan. As a result of the expected and previously identified material weaknesses, the Company believes that its internal control over financial reporting was not effective, and its disclosure controls and procedures were not effective, as of December 31, 2025.

Fourth Quarter and Full Year 2025 Earnings Report and Earnings Conference Call

The Company further announced that it expects to report financial results for the fourth quarter and full year ended December 31, 2025 on Wednesday, March 25, 2026 after market close. The Company will host a conference call to discuss these results at 5:00 p.m. Eastern, 2:00 p.m. Pacific. Investors interested in participating in the live call can dial 412-902-4255.

In the interest of providing shareholders with certain relevant and timely information, the Company is disclosing the following unaudited preliminary estimated results:

- Net revenues for the fourth quarter ended December 31, 2025 are expected to be approximately \$61 million, which is in line with the Company’s previous guidance range of \$60 million to \$65 million.
- Net revenues for the full year ended December 31, 2025 are expected to be approximately \$275 million.

The Company’s consolidated financial statements for the fourth quarter and full year ended December 31, 2025 are not yet available. Accordingly, the financial results presented above are preliminary estimates and subject to the completion of the Company’s financial closing procedures and any adjustments that may result from the completion of the audit and finalization of the consolidated financial statements. As a result, these preliminary estimated results may differ from actual results that will be reflected in the consolidated financial statements for the fourth quarter and full year ended December 31, 2025 when they are completed and publicly disclosed. These preliminary estimated results may change and those changes may be material.

The Company’s expectations with respect to the unaudited preliminary estimated results for the periods discussed above are based upon management estimates and are the responsibility of management. The Company’s independent registered public accounting firm has not audited, reviewed or performed any procedures with respect to these preliminary estimated results (including any financial data) and, accordingly, does not express an opinion or any other form of assurance with respect to these preliminary estimated results.
