## Beyond Meat® Launches Beyond Immerse™ in New York

June 2, 2026

*Company's first functional beverage line begins to roll out in influential New York market with bold new packaging*

*Professional basketball player Josh Hart joins as Beyond Immerse ambassador to headline a summer of performance-focused fitness activations and events*

EL SEGUNDO, Calif., June 02, 2026 (GLOBE NEWSWIRE) -- Beyond Meat, Inc. (NASDAQ: BYND), otherwise known as Beyond The Plant Protein Company™, today announced the initial launch of Beyond Immerse, its first functional beverage line, into retail and foodservice locations in the New York metro area. Beyond Immerse enters the market through a distribution agreement with Big Geyser, the #1 non-alcoholic beverage distributor in New York, providing access to more than 26,000 outlets across grocery, drug, convenience, mass merchandisers, club, and foodservice channels.

The brand took a new approach to developing Beyond Immerse, first making the beverage line available through limited drops on its direct-to-consumer site to gather consumer feedback and refine the experience. The resulting product line delivers a refreshing taste and experience that transcends categories, delivering functionality of four distinct beverage offerings in one light, sparkling drink: clean plant protein, fiber, antioxidants, and electrolytes. Beyond Immerse sets a new benchmark as the first ready-to-drink protein beverage to earn Clean Label Project Verification, reinforcing the company's commitment to transparency and ingredient integrity.

Key highlights of Beyond Immerse:

- Features plant-based ingredients like protein from peas and fiber from tapioca
- Available in three flavors: Peach Mango, Strawberry Lemonade, and Cherry Berry
- Each flavor contains 20g of protein, 7g of fiber, and 100 calories
- Excellent source of protein, critical to support muscle health
- Excellent source of fiber, vital to support a healthy gut
- Excellent source of antioxidant Vitamin C, essential to support immune function
- Made with electrolytes
- Made with non-GMO ingredients
- No sugar alcohols, dairy, or whey protein

"Launching Beyond Immerse in New York marks a major milestone for our first functional beverage line," said Ethan Brown, Founder and CEO of Beyond Meat. "We created Beyond Immerse to deliver the superpowers of plants in a comprehensive system—protein, fiber, antioxidants, and electrolytes—all in one convenient, light, and refreshing beverage. We're excited to see it reach more consumers in a market that sets the pace for what's next."

As part of the launch, professional basketball player Josh Hart will headline a new campaign celebrating performance, recovery, and the relentless energy of New York—showing consumers how to go beyond with Beyond Immerse. The partnership underscores the brand's focus on fueling active lifestyles with clean, functional plant-based nutrition designed for everyday performance.

"Beyond Immerse is something I can grab whether I'm leaving the Garden, finishing a workout, or in between sessions," said Josh Hart. "What stands out to me is it's not just another protein drink. It's the first one I've had that brings protein, fiber, antioxidants, and electrolytes together in one light, refreshing drink. When you're grinding every day and pushing to perform at the highest level, you have to be intentional about what you put in your body. Beyond Immerse gives me everything I need in one can, without the heaviness of a shake."

To celebrate the launch, Beyond Immerse is inviting New Yorkers to go beyond through a series of activations at leading fitness studios and active lifestyle events. Fans can follow along on social media to stay up to date on upcoming dates, locations, and ways to get involved.

### About Beyond Meat

Beyond Meat, Inc. (NASDAQ: BYND), otherwise known as Beyond The Plant Protein Company™, is a plant protein company offering a portfolio of plant-based products made with non-GMO ingredients, no added hormones or antibiotics, and 0mg of cholesterol per serving. Founded in 2009,

Beyond Meat's core products are designed to have the same taste and texture as animal-based meat while being better for people and the planet. The company's brand promise, Eat What You Love®, represents a strong belief that there is a better way to feed our future and that the positive choices we all make, no matter how small, can have a great impact on our personal health and the health of our planet. By shifting from animal-based protein to plant-based protein, we can positively impact four growing global issues: human health, climate change, constraints on natural resources and animal welfare.
