Beyond Meat® Announces Availability of Beyond Steak® Filet at Erewhon

September 15, 2026

EL SEGUNDO, Calif., Sept. 15, 2026 (GLOBE NEWSWIRE) -- Beyond Meat, Inc. (NASDAQ: BYND), otherwise known as Beyond The Plant Protein Company™, today announced the debut of Beyond Steak Filet at Erewhon locations across Southern California. The launch builds on the recent rollout of Beyond Steak Filet at [Wegmans](#), [H-E-B](#), and [Meijer](#) stores, expanding its retail availability and making the tender, juicy plant-based steak cut available to even more consumers.

Made with mycelium and heart-healthy¹ avocado oil, the whole-cut filet delivers 28g of plant protein, 3g of fiber, and just 1g of saturated fat per serving. Beyond Steak Filet is Clean Label Project Certified and Non-GMO Project Verified, aligning with Erewhon's high ingredient standards and commitment to transparency.

"Beyond Steak Filet reflects our continued commitment to unlocking the superpowers of plants through what we believe is a category-defining innovation," said Ethan Brown, Founder and CEO of Beyond Meat. "Made with mycelium, it offers a delicious taste and texture while delivering 28g of plant protein and just 1g of saturated fat per serving from avocado oil. Launching Beyond Steak Filet at Erewhon brings this exciting offering to a community that values thoughtfully crafted nutrition and simple ingredients, through a retailer that has long been at the forefront of what's next in wellness."

About Beyond Meat

Beyond Meat, Inc. (NASDAQ: BYND), otherwise known as Beyond The Plant Protein Company™, is a plant protein company offering a portfolio of plant-based products made with non-GMO ingredients, no added hormones or antibiotics, and 0mg of cholesterol per serving. Founded in 2009, Beyond Meat's core products are designed to have the same taste and texture as animal-based meat while being better for people and the planet. The company's brand promise, Eat What You Love®, represents a strong belief that there is a better way to feed our future and that the positive choices we all make, no matter how small, can have a great impact on our personal health and the health of our planet. By shifting from animal-based protein to plant-based protein, we can positively impact four growing global issues: human health, climate change, constraints on natural resources and animal welfare.
