Food-forward collegiates rejoice as The Beyond Burger expands to more than 25 college campuses

EL SEGUNDO, Calif.--([BUSINESS WIRE](#))--The revolutionary Beyond Burger® from plant-based leader, Beyond Meat®, has experienced explosive growth in recent months, mirroring a growing consumer trend around plant-based meats and better-for-you food options. In September, The Beyond Burger was selected as part of Sysco's Cutting Edge Solutions program and since then, has been added to the menu at more than 2,000 new food service outlets including restaurants, hotels, college campuses and professional sports teams' training camps. Many of these restaurants are innovative, single-unit restaurants like Delilah LA, The Moonlighter in Chicago, The Distillery NYC and The Hamilton Inn in Jersey City, that seek to appeal to meat eaters and vegetarians alike by offering innovative, plant-based options.

"In the first three months, we've sold more than 20,000 Beyond Burgers which equates to about 10% of burger/sandwich sales and is exceeding our sales expectations. Those numbers continue to grow each week"
