

Beyond Meat® Reports Third Quarter 2021 Financial Results

November 10, 2021

Third Quarter 2021 Net Revenues Increased 13% Year-Over-Year to \$106.4 Million

International Net Revenues Increased 143% Year-Over-Year, Partially Offset by Decreased U.S. Net Revenues

EL SEGUNDO, Calif., Nov. 10, 2021 (GLOBE NEWSWIRE) -- Beyond Meat, Inc. (NASDAQ: BYND) ("Beyond Meat" or "the Company"), a leader in plant-based meat, today reported financial results for its third quarter ended October 2, 2021.

Third Quarter 2021 Financial Highlights¹

- Net revenues were \$106.4 million, an increase of 12.7% year-over-year.
- Gross profit was \$23.0 million, or gross margin of 21.6% of net revenues.
- Net loss was \$54.8 million, or \$0.87 per common share. Net loss as a percentage of net revenues was -51.5%.
- Adjusted EBITDA was a loss of \$36.8 million, or -34.5% of net revenues.

Beyond Meat President and CEO Ethan Brown commented, "Our third quarter results reflect variability as we saw a decline from record net revenues just a quarter ago. Despite current disruptions, we remain focused on rapidly advancing key building blocks of long-term growth. Whether scaling products and infrastructure for our strategic quick serve restaurant partners, bringing new product to retail markets, or investing in innovation, commercialization, and production capabilities here in the U.S., EU, and China, we believe we are steadily executing against our vision of being tomorrow's global protein company."

Brown added, "Near-term market and operating conditions notwithstanding, we remain committed to our long-term strategy. As we continue to advance the field of plant-based meat through innovation and bold investment in domestic and global operations, the consumer is only being made more aware of the relevance and urgency of our mission. And although we see continued uncertainty for the balance of this year, we look to 2022 with enthusiasm as we expect to bring to life, together with our strategic partners, product and production capacity that we've been steadfastly investing in throughout the pandemic."

Third Quarter 2021

Net revenues increased 12.7% to \$106.4 million in the third quarter of 2021, compared to \$94.4 million in the year-ago period. Growth in net revenues was primarily due to increased sales to international customers, which increased 142.5% compared to the year-ago period, mainly reflecting expansion of overall distribution, accelerated orders and, to a lesser extent, new product introductions. The increase in international net revenues was partially offset by decreased U.S. net revenues, which declined 13.9% compared to the year-ago period, primarily as a result of lower overall demand, and operational challenges with severe weather as a key driver, partially offset by sales from new product introductions. In aggregate, net revenue per pound of \$5.34 during the third quarter of 2021 was roughly equivalent to the year-ago period.

Gross profit was \$23.0 million, or gross margin of 21.6% of net revenues, in the third quarter of 2021, compared to \$25.5 million, or gross margin of 27.0% of net revenues, in the year-ago period. During the third quarter of 2020, gross profit included \$1.8 million of expenses related to inventory write-offs and reserves and product repacking costs attributable to COVID-19. Excluding these costs, of which there were none in the third quarter of 2021, Adjusted gross profit in the year-ago period was \$27.3 million, or Adjusted gross margin of 28.9% of net revenues. Compared to Adjusted gross margin in the year-ago period, the decrease in gross margin in the third quarter of 2021 was primarily due to increased transportation costs, increased inventory write-offs, higher warehousing costs, and increased depreciation and amortization expense, partially offset by reduced co-manufacturer fees.

Loss from operations in the third quarter of 2021 was \$54.0 million compared to \$18.5 million in the year-ago period. The increase in loss from operations was primarily driven by growth in overall headcount levels mainly to support the Company's operations, innovation and marketing capabilities, increased investments in marketing activities, higher professional services fees related to recently established consulting agreements, higher restructuring expenses primarily reflecting increased legal costs, increased production trial activities, and higher outbound freight costs included in the Company's selling expenses.

Net loss was \$54.8 million in the third quarter of 2021 compared to \$19.3 million in the year-ago period. Net loss per common share was \$0.87 in the third quarter of 2021 compared to \$0.31 in the year-ago period. During the third quarter of 2020, net loss included \$1.8 million in expenses attributable to COVID-19, specifically related to inventory write-offs and reserves and product repacking costs. Excluding these costs, Adjusted net loss was \$17.5 million, or \$0.28 per common share, in the third quarter of 2020. There were no similar costs in the third quarter of 2021.

Adjusted EBITDA was a loss of \$36.8 million, or -34.5% of net revenues, in the third quarter of 2021 compared to an Adjusted EBITDA loss of \$4.3 million, or -4.5% of net revenues. in the year-ago period.

Balance Sheet and Cash Flow Highlights

The Company's cash and cash equivalents balance was \$886.4 million and total outstanding debt was \$1.1 billion as of October 2, 2021. Net cash used in operating activities was \$191.0 million for the nine months ended October 2, 2021, compared to \$42.7 million for the year-ago period. Capital expenditures totaled \$104.3 million for the nine months ended October 2, 2021, compared to \$38.0 million for the year-ago period. The increase in capital expenditures was primarily due to the Company's continued investments in production equipment and facilities related to capacity expansion initiatives domestically and abroad.

Fourth Quarter 2021 Outlook

The Company's operating environment continues to be affected by near-term uncertainty related to COVID-19 and its potential impact including on demand levels, labor availability and supply chain disruptions. Management's outlook assumes reasonable containment of COVID-19 infection rates both in the U.S. and abroad, but the Company acknowledges that its operating results could differ meaningfully from the expectations set forth below if its assumptions related to COVID-19 and the effects from COVID-19 do not materialize. Based on management's best assessment of the environment today, the Company is providing the following guidance for the fourth quarter of 2021:

• Net revenues in the range of \$85 million to \$110 million.

Embedded in the fourth quarter guidance range above are management's expectations of a moderation in sales growth across all channels as a result of, among other things, the Company's fourth quarter 2021 period containing 5 fewer shipping days compared to the fourth quarter of 2020, impacts associated with knock-on effects from operational challenges in the third quarter of 2021, ongoing operator challenges related to labor issues as well as general caution among customers based on COVID-19-related uncertainty, and accelerated orders in the third quarter of 2021 that would otherwise have been expected to materialize in the fourth quarter.

Conference Call and Webcast

The Company will host a conference call and webcast to discuss these results with additional comments and details today at 5:00 p.m. Eastern, 2:00 p.m. Pacific. Investors interested in participating in the live call can dial 201-389-0879. The conference call webcast will be available live over the Internet through the "Investors" section of the Company's website at www.beyondmeat.com and later archived.

About Beyond Meat

Beyond Meat, Inc. (NASDAQ: BYND) is one of the fastest growing publicly-traded food companies in the United States, offering a portfolio of revolutionary plant-based proteins made from simple ingredients without GMOs, bioengineered ingredients, hormones, antibiotics or cholesterol.

Founded in 2009, Beyond Meat products are designed to have the same taste and texture as animal-based meat while being better for people and the planet. Beyond Meat's brand commitment, Eat What You Love™, represents a strong belief that there is a better way to feed our future and that the positive choices we all make, no matter how small, can have a great impact on our personal health and the health of our planet. By shifting from animal-based meat to plant-based protein, we can positively impact four growing global issues: human health, climate change, constraints on natural resources and animal welfare. As of September 2021, Beyond Meat had products available at approximately 128,000 retail and foodservice outlets in over 85 countries worldwide. Forward-Looking Statements

Certain statements in this release constitute "forward-looking statements" within the meaning of the federal securities laws. These statements are based on management's current opinions, expectations, beliefs, plans, objectives, assumptions and projections regarding financial performance, prospects, future events and future results, including ongoing uncertainty related to the COVID-19 pandemic, including the ultimate duration, magnitude and effects of the pandemic and, in particular, the impact to the foodservice channel, operations and supply chains, growth trends, our international expansion plans, market share, new and existing customers and expense trends, among other matters, and involve known and unknown risks that are difficult to predict. In some cases, you can identify forward-looking statements by the use of words such as "may," "could," "expect," "intend," "plan," "seek," "anticipate," "believe," "estimate," "predict," "outlook," "potential," "continue," "likely," "will," "would" and variations of these terms and similar expressions, or the negative of these terms or similar expressions. These forward-looking statements are only predictions, not historical fact, and involve certain risks and uncertainties, as well as assumptions. Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or by which or whether, such performance or results will be achieved. Actual results, levels of activity, performance, achievements and events could differ materially from those stated, anticipated or implied by such forward-looking statements. While Beyond Meat believes that its assumptions are reasonable, it is very difficult to predict the impact of known factors and, in particular, the COVID-19 pandemic, and, of course, it is impossible to anticipate all factors that could affect actual results. There are many risks and uncertainties that could cause actual results to differ materially from forward-looking statements made herein including, but not limited to, the effects of global outbreaks of pandemics or contagious diseases or fear of such outbreaks (such as COVID-19), including on our ability to expand in new geographic markets or the timing of such expansion efforts; a resurgence of COVID-19 and the discovery and spread of COVID-19 variants, such as the Delta variant, which could slow, halt or reverse the reopening process, or result in the reinstatement of social distancing measures, business closures, restrictions on operations, quarantines and travel bans; the impact of labor and supply chain disruptions; the impact of uncertainty as a result of doing business in China; government or employer mandates requiring certain behaviors from employees due to COVID-19, including COVID-19 vaccine mandates, which could result in employee attrition at the Company, suppliers and customers as well as difficulty securing future labor needs; the impact of adverse and uncertain economic and political conditions in the U.S. and international markets; the volatility of capital markets and other macroeconomic factors; our ability to effectively manage our growth; our ability to identify and execute cost-down initiatives intended to achieve price parity with animal protein; the success of operations conducted by joint ventures; the effects of increased competition from our market competitors and new market entrants; changes in the retail landscape, including the timing and level of trade and promotion discounts, our ability to grow market share and increase household penetration, repeat buying rates and purchase frequency, and our ability to maintain and increase sales velocity of our products; the timing and success of distribution expansion and new product introductions in increasing revenues and market share; the timing and success of strategic partnership launches and limited time offerings resulting in permanent menu items; our estimates of the size of market opportunities; our ability to effectively expand our manufacturing and production capacity; our ability to accurately forecast demand for our products and manage our inventory, including the impact of customer orders ahead of holidays and shelf reset activities, and supply chain and labor disruptions; our operational effectiveness and ability to fulfill orders in full and on time; variations in product selling prices and costs, and the mix of products sold; our ability to successfully enter new geographic markets, manage our international expansion and comply with any applicable laws and regulations, including risks associated with doing business in foreign countries, substantial investments in our manufacturing operations in China and The Netherlands, and our ability to comply with the U.S. Foreign Corrupt Practices Act or other anti-corruption laws; the success of our marketing initiatives and the ability to grow brand awareness, maintain, protect and enhance our brand, attract and retain new customers and grow our market share; our ability to attract, maintain and effectively expand our relationships with key strategic foodservice partners; our ability to attract and retain our suppliers, distributors, co-manufacturers and customers; our ability to procure sufficient high-quality raw materials to manufacture our products; the availability of pea and other protein that meets our standards; our ability to diversify the protein sources used for our products; our ability to differentiate and continuously create innovative products, respond to competitive innovation and achieve speed-to-market; our ability to successfully execute our strategic initiatives; the volatility associated with ingredient, packaging and other input costs; the impact of inflation across the economy, including higher food, grocery, transportation and fuel costs; real or perceived quality or health issues with our products or other issues that adversely affect our brand and reputation; our ability to accurately predict consumer taste preferences, trends and demand and successfully innovate, introduce and commercialize new products and improve existing products, including in new geographic markets; significant disruption in, or breach in security of our information technology systems and resultant interruptions in service and any related impact on our reputation; management and key personnel changes, the attraction and retention of qualified employees and key personnel, and our ability to maintain our company culture as we grow; the effects of natural or man-made catastrophic or severe weather events particularly involving our or any of our co-manufacturers' manufacturing facilities or our suppliers' facilities; the impact of marketing campaigns aimed at generating negative publicity regarding our products, brand and the plant-based industry category; the effectiveness of our internal controls; our significant indebtedness and ability to pay such indebtedness; risks related to our debt, including limitations on our cash flow from operations and our ability to satisfy our obligations under the convertible senior notes; our ability to raise the funds necessary to repurchase the convertible senior notes for cash, under certain circumstances, or to pay any cash amounts due upon conversion; provisions in the indenture governing the convertible senior notes delaying or preventing an otherwise beneficial takeover of us; any adverse impact on our reported financial condition and results from the accounting methods for the convertible senior notes; estimates of our expenses, future revenues, capital expenditures, capital requirements and our needs for additional financing; our ability to meet our obligations under our campus headquarters lease, the timing of occupancy and completion of the build-out of our space, cost overruns and the impact of COVID-19 on our space demands; changes in laws and government regulation affecting our business, including Food and Drug Administration and Federal Trade Commission governmental regulation, and state, local and foreign regulation; new or pending legislation, or changes in laws, regulations or policies of governmental agencies or regulators, both in the U.S. and abroad, affecting plant-based meat, the labeling or naming of our products, or our brand name or logo; the failure of acquisitions and other investments to be efficiently integrated and produce the results we anticipate; the financial condition of, and our relationships with our suppliers, co-manufacturers, distributors, retailers and foodservice customers, and their future decisions regarding their relationships with us; the ability of our suppliers and co-manufacturers to comply with food safety, environmental or other laws and regulations; seasonality, including increased levels of purchasing by customers ahead of holidays, customer shelf reset activity and the timing of product restocking by our retail customers; the sufficiency of our cash and cash equivalents to meet our liquidity needs and service our indebtedness; economic conditions and the impact on consumer spending; outcomes of legal or administrative proceedings, or new legal or administrative proceedings filed

against us; our, our suppliers' and our co-manufacturers' ability to protect our proprietary technology and intellectual property adequately; the impact of tariffs and trade wars; the impact of changes in tax laws; foreign exchange rate fluctuations; and the risks discussed under the heading "Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2020 and the Company's Quarterly Report on Form 10-Q for the quarter ended July 3, 2021 filed with the SEC on August 12, 2021, and the Company's Quarterly Report on Form 10-Q for the quarter ended October 2, 2021 to be filed with the SEC, as well as other factors described from time to time in the Company's filings with the SEC. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth above. Such forward-looking statements are made only as of the date of this release. Beyond Meat undertakes no obligation to publicly update or revise any forward-looking statement because of new information, future events, changes in assumptions or otherwise, except as otherwise required by law. If we do update one or more forward-looking statements, no inference should be made that we will make additional updates with respect to those or other forward-looking statements.

Non-GAAP Financial Measures

Beyond Meat uses the non-GAAP financial measures set forth below in assessing its operating performance and in its financial communications. Management believes these non-GAAP financial measures provide useful additional information to investors about current trends in the Company's operations and are useful for period-over-period comparisons of operations. In addition, management uses these non-GAAP financial measures to

assess operating performance and for business planning purposes. Management also believes these measures are widely used by investors, securities analysts, rating agencies and other parties in evaluating companies in our industry as a measure of our operational performance. These non-GAAP financial measures should not be considered in isolation or as a substitute for the comparable GAAP measures. In addition, these non-GAAP financial measures may not be computed in the same manner as similarly titled measures used by other companies.

Adjusted gross profit and Adjusted gross margin

Adjusted gross profit is defined as net revenues less cost of goods sold adjusted to exclude, when applicable, costs attributable to COVID-19 activities which are not considered to be part of the Company's normal business activities. Adjusted gross margin is defined as Adjusted gross profit divided by net revenues.

Adjusted gross profit and Adjusted gross margin are presented to provide additional perspective on underlying trends in the Company's gross profit and gross margin, which we believe is useful supplemental information for investors to be able to gauge and compare the Company's current business performance from one period to another.

Adjusted net loss and Adjusted net loss per diluted common share

Adjusted net loss is defined as net loss adjusted to exclude, when applicable, costs attributable to COVID-19, as well as other special items, which are those items deemed not to be reflective of the Company's ongoing normal business activities.

Adjusted net loss per diluted common share is defined as Adjusted net loss divided by the number of diluted common shares outstanding.

We consider Adjusted net loss and Adjusted net loss per diluted common share to be useful indicators of operating performance because excluding special items allows for period-over-period comparisons of our ongoing operations. Adjusted net loss per diluted common share is a performance measure and should not be used as a measure of liquidity.

Adjusted EBITDA and Adjusted EBITDA as a % of net revenues

Adjusted EBITDA is defined as net loss adjusted to exclude, when applicable, income tax (benefit) expense, interest expense, depreciation and amortization expense, restructuring expenses, share-based compensation expense, expenses attributable to COVID-19, and Other, net, including interest income, loss on extinguishment of debt and foreign currency transaction gains and losses. Adjusted EBITDA as a % of net revenues is defined as Adjusted EBITDA divided by net revenues.

Limitations related to the use of non-GAAP financial measures

There are a number of limitations related to the use of Adjusted gross profit, Adjusted gross margin, Adjusted net loss, Adjusted net loss per diluted common share, Adjusted EBITDA and Adjusted EBITDA as a % of net revenues rather than their most directly comparable GAAP measures. Some of these limitations are:

- Adjusted gross profit and Adjusted gross margin exclude costs associated with activities deemed to be non-recurring or not
 part of the Company's normal business activities, which are subjective determinations made by management and may not
 actualize as expected;
- Adjusted net loss and Adjusted net loss per diluted common share exclude costs associated with activities deemed to be non-recurring or not part of the Company's normal business activities, which are subjective determinations made by management and may not actualize as expected;
- Adjusted EBITDA excludes depreciation and amortization expense and, although these are non-cash expenses, the assets being depreciated may have to be replaced in the future increasing our cash requirements;
- Adjusted EBITDA does not reflect interest expense, or the cash required to service our debt, which reduces cash available
 to us:
- Adjusted EBITDA does not reflect income tax payments that reduce cash available to us;
- Adjusted EBITDA does not reflect restructuring expenses that reduce cash available to us;
- Adjusted EBITDA does not reflect expenses attributable to COVID-19 that reduce cash available to us;
- Adjusted EBITDA does not reflect share-based compensation expense and therefore does not include all of our compensation costs;
- Adjusted EBITDA does not reflect Other, net, including interest income, loss on extinguishment of debt and foreign currency transaction gains and losses, that may increase or decrease cash available to us; and
- other companies, including companies in our industry, may calculate Adjusted EBITDA differently, which reduces its usefulness as a comparative measure.
