Beyond Meat Announces Determination of Conversion Rate for 7.00% Convertible Senior Secured Second Lien PIK Toggle Notes due 2030

El Segundo, California. (November 14, 2025) -Beyond Meat, Inc. (NASDAQ: BYND) (the “Company” or “Beyond Meat”), a leader in plant-based meat, today announced the initial conversion rate for its 7.00% Convertible Senior Secured Second Lien PIK Toggle Notes due 2030 (the “2030 Convertible Notes”) will be 572.7784 shares of the Company’s common stock per \$1,000 principal amount of the 2030 Convertible Notes, which represents a conversion price of approximately \$1.7459 per share of common stock.

The initial conversion rate applicable to the 2030 Convertible Notes was calculated as the lesser of (i) 1,029.2716 and (ii) 1,000 divided by 110% of the average of the daily per share volume-weighted average prices for the 20 trading day period beginning on October 16, 2025, and excluding trading days on which a market disruption event was determined to have occurred. A market disruption event was determined to have occurred on October 22, 2025, for purposes of such calculation.

Based on the initial conversion rate determined above, the final version of the make-whole table for the 2030 Convertible Notes is set forth below, which sets forth, based on hypothetical stock prices and effective dates, the number of additional shares of common stock to be added to the conversion rate for each \$1,000 principal amount of 2030 Convertible Notes converted in connection with a Make-Whole Fundamental Change (as defined in the indenture governing the 2030 Convertible Notes):
